Re: *State of Oklahoma, et al. v. Tyson Foods, Inc., et al.*
Case No. 4:05-CV-00329-GKF-SAJ

Dear Louis:

This correspondence is in response to your letter addressed "To all Counsel" dated July 2, 2007, regarding the production of the State's ESI in the above-referenced case. As we discussed in our telephone conference on July 3, 2007, we think Tyson is entitled to receive a production of documents which are responsive to its discovery requests. Tyson is not required to mine the entire production and determine for itself what the State believes is responsive to the Tyson Defendants' Requests for Production. A review of Tyson Foods and Cobb-Vantress' Requests for Production makes it clear that the requests are unique and the information responsive must be identified by the State.

Accordingly, please instruct RLS to load **only** the State's ESI documents it claims are responsive to production requests from Tyson Foods, Inc. (November 2, 2006 and April 25, 2007) and Cobb-Vantress, Inc. (April 5, 2006) onto the external hard drive which was previously provided to you and subsequently given by you to RLS in Tulsa. For your convenience, enclosed please find copies of those requests from Tyson Foods, Inc. and Cobb-Vantress, Inc. Please advise if the production cannot be completed by July 23, 2007.
